

Who Else is Drinking Ionized Alkaline Water?

Most of these and many other health experts have written books, papers or given lectures explaining why ionized alkaline water is the simplest, most effective way to Alkalize, Hydrate, Detoxify and Mineralize the body. They all love the taste of the ionized water, but great taste doesn't explain why people like Dr Ray Kurzweil who has been awarded 12 Honorary Doctorates and honored by 3 US Presidents have decided to write books and papers about the benefits of drinking ionized water.
